

Mission Statement

Saxton Marines Supply Service Ltd. vision is to develop & expand our world class ships equipment supply service for the coming Century by use of efficiency in planning, operation and quality and to generate a profit required to meet our business needs, within a sound and reasonable financial framework.

Our mission is to use our experience and assets to administer, supply and develop our marine products for the benefit of all our customers, present and future.

The Long Term Objectives

- To maintain and continually develop our progressive, financially and operationally sound and profitable business
- To plan and develop our supply & delivery infrastructure to meet the needs of the market and of our customers

Plan Objectives 2010 - 2012

- To maintain our focus in becoming an ever increasingly highly skilled, technical and professional company.
- To further enhance our reputation as one of the UK's most commercially successful and well regarded marine equipment & service suppliers.
- To use cash to build our reserves, to deliver additional products when it is needed now and in the future.
- To train and develop our people and to retain & reward our staff wherever possible.
- To develop our policies, processes and procedures ensuring efficiency & accountability of our internal business system.

Our Guiding Principles

- We seek to improve and maintain the facilities and levels of service offered by ourselves to our clients worldwide.
- We intend to add to our marine equipment supply service by constant reassessment of market places prices.
- We will meet all of our national and international legal obligations in respect of all our marine & ships supply business
- We shall support competition where it is in the best interest of the client and improves client choice
- We place responsible safety and security management at the core of our activities ensuring a safe environment for all those who work in our company
- We will seek to provide for environmental sustainability in the management of our assets and in all future developments, lowering our ecological footprint and delivering on our environmental responsibilities.
- We will market and promote the company, Saxton Marine Supplies Service Ltd, and the work of the Saxton Marine Supplies Service Ltd to a wider public both nationally

and, where it is in our interests, internationally, to government, the EU and any other agencies and bodies we wish to influence or trade with

- We seek to maintain the highest levels of integrity and pricing structure in an ever changing international currency exchange market
- Saxton Marine Supplies Ltd., aspire to excellence in business efficiency, to continuously improving our business processes, policies and the management of our resources and clients
